e. Delete:

<u>STOCK NUMBER</u>	<u>NOMENCLATURE</u>	<u>QUANTITY</u>
Unknown	Stand, Work, Hydraulic, 35' lift capacity, 5,000 pounds	1

f. Delete:

<u>STOCK NUMBER</u>	<u>NOMENCLATURE</u>	<u>QUANTITY</u>
Unknown	Truck, Crash, Fire rescue, Type O-12	1

3. We have been informed by the Project Depot that delivery of the 5,000 gallon aluminum tank trucks, stock number 2320-555-1509 cannot be made until approximately April 1962. If this is true, it will be necessary to substitute two fuel servicing semi-trailers, F-6, stock number 2330-200-1884 to meet our initial requirements. These tanks will require a corrosion proof interior coating and must be equipped with filter vents. It will also be necessary to add two more five ton tractors to our requirement for towing these trailers. We still desire to obtain a total of four aluminum type tank trucks as soon as delivery is available.

4. We will appreciate receiving information on the availability and delivery dates of our vehicle requirements as soon as you have the information.
